Benefits of Wealth Builder

INVESTMENT OPPORTUNITY

Wealth Builder offers you the chance to reach your desired saving objectives through access to various investment strategies.

Your Investment Choices

Depending on your risk appetite you can choose to have your contributions allocated to one of our investment strategies: **Conservative**, **Balanced** and **Aggressive**.

The Conservative Strategy

Designed for customers who are focused on minimizing risk, while seeking capital protection and relatively lower potential returns.

The Balanced Strategy

Designed for customers focused on capital preservation / modest capital growth, and who are prepared to accept a medium level of investment risk.

The Aggressive Strategy

Designed for customers focused on capital growth, and who are prepared to take significant investment risk.

FLEXIBILITY TO CHANGE YOUR ASSET MIX

The beauty of Wealth Builder is your ability to tailor-make your investments to the constantly changing market conditions. In fact, you will have the ability to move one investment account to another, that will allow you to leverage favorable market conditions or protect your account value from potentially significant market fluctuations by adopting a more careful approach.

ACCESS TO CASH SHOULD YOU NEED IT

It's always reassuring to know that you can access money quickly should the need arise. After the first year, you are entitled to two partial withdrawals per year and you may withdraw up to 80% of the Net Cash surrender value subject to Terms & Conditions.*

**Partial Withdrawal will reduce your account value. Minimum amounts and Surrender charges may apply.*

VALUABLE OPTIONAL INSURANCE PROTECTION

You may further customize your plan and enhance it by selecting from the below valuable insurance protection benefits:

Waiver of Premium on Disability: In case of unfortunate disability, MetLife will continue paying for all the remaining premiums to guarantee that the plan remains in force and that your goals remain unaffected.

Level Term Benefit: This supplementary benefit enhances your life insurance coverage with an additional lump sum payment of up to USD 2 Million paid to your beneficiaries along with the guaranteed life insurance benefit you have initially selected.

Income Benefit Rider: This benefit provides your beneficiaries with access to a monthly income that would help your dependents cope with the loss of your income in the event of your passing within the selected term and for the remaining period.

Spouse Term Insurance: A lump sum benefit is paid in the regretful event of spouse loss of life within the selected term.

VALUABLE PENSION BENEFIT

Instead of receiving your account value in a lump sum, you may elect to receive a regular monthly income for your lifetime. The monthly income will be paid to you for as long as you live and, in the regretful event of your loss of life during the guaranteed period, your dependents will continue to receive your monthly income for the remainder of that guaranteed period.

VALUABLE INSURANCE PROTECTIONS

Life insurance benefit is an important feature of your family's safety net. Wealth Builder comes packed with valuable life and accidental loss of life benefits that may help your dependents maintain their life style even if you are no longer here to provide for them.

In fact, in the event of loss of life, your beneficiaries will be entitled to 101% of the account value. If the loss of life is due to an accident, they will have access to 151% of the account value.

The accidental loss of life benefit covers policyholders aged between 5 and 65 and is subject to a maximum of USD 200,000 GBP 120,000 or EUR 160,000, depending on the currency selected.

STORIES LIKE YOURS

My name is Saleh and I am living in Kuwait with my wife Leila and our son Ahmed. Ahmed was 2 years old when we discovered that the cost for education was fairly high with a tendency of increasing over the years. Fearing that our savings might not be enough to cover a decent higher education for our son, we started looking for other means of savings. Our Insurance Consultant introduced us to Wealth Builder.

By contributing with an affordable USD 500 per month for 15 years in a balanced investment strategy, it will allow us to accumulate around USD 129,000. With that sum in hand, Ahmed will be able to choose where he wants to continue his higher education.

Wealth Builder won't only put my money to work, but it will provide my dependents with the peace of mind knowing that they are protected in case anything happens to me.
